NEW WESTMINSTER, TUESDAY, JUNE 27, 1865.

DIRECT TRADE UNDER THE NEW TARIFF.

Many of our readers will recollect what a howl was raised in Victoria upon the promulgation of the new Customs Tariff for this colony, and how it was sought for political purposes to vamp up the feelings of the Cariboo miners at that period residing in Victoria, the great ostensible grievance being the assumed increased price of living at the mines, caused by the new Tariff. We endeavored at the time, but of course in vain, to convince the miners that they were being grossly imposed upon by designing men, who merely sought to use them for their own selfish purposes—that with direct importations, which the new Tariff contemplated and was partly designed to bring about, the rate of duties would fall more lightly upon the necessities of life under the new Tariff than under the old; that the difference in paying duty upon the value of the goods in the principal markets instead of, as formerly, upon their value here, would be more than a set off for the increased rate of duty imposed by the new Tariff. But the miners were in no mood at that time to listen to argument. It suited the purpose of Victoria political demagogues to deceive them, and it suited their own purpose or perhaps their humor to be deceived. Meetings were held, at which the most absurd and intemperate harangues were delivered, threatening resolutions were passed, and petitions were promulgated which might fitly be characterized as a concatenation of misrepresentation, to one of which Governor Seymour, in a fit of good humor, deigned to reply—a reply worthy to be preserved in the archives of the country. Three months have elapsed. The miners have repaid to their claims on Williams Creek. What lesson has three months experience and reflection taught them? Have their professed fears, as to the terrible consequences of the new Tariff, been realized in the greatly augmented price of living in Cariboo? A comparison of the price of flour, the great regulator of the market, on Williams Creek last year and this year, will be the best reply. We find that at this time last year flour ranged at from 45 to 50c. per pound, whereas now it is from 25 to 30c.!! Of course all other articles are cheaper in about an equal ratio. Thus we find that, notwithstanding the new Tariff which was so freely anathematized in Victoria, and which was going to depopulate the gold fields of British Columbia, and notwithstanding the unusually high prices in those markets from which we chiefly draw our supplies, the price of living in Cariboo this year is very little more than one-half of what it was last year. It would be manifestly unfair to give the new tariff all the credit of the reduction, inasmuch as it is undoubtedly attributable in part to the greatly improved facilities for reaching the mines and to increased competition in forwarding and merchandising. But what has become of the new Tariff grievance—the famine prices which were to drive away the miners this year? When replying to the notorious Victoria petition, His Excellency said of the new tariff: "Let us give it a fair trial, and before the next session I shall be prepared to receive, I hope personally on Williams Creek, with every respect, your more experienced opinion." When His Excellency visits Cariboo, which it is his intention to do shortly, those miners who allowed their names to be associated with the Victoria petition will feel in honor bound to acknowledge that they were mistaken or deceived. The case of the *Crosby*, which arrived last week direct from Portland with a cargo of flour, &c., affords an eminently practical illustration of the advantages of direct trade. A lot of five hundred barrels of flour paid duty at the rate of \$1.57 per barrel, instead of \$2.25, the rate to which it would have been subject if imported from Victoria, making a difference of 68 cents per barrel, equal to three hundred and forty dollars upon the lot of 500 bbls. as in favor of direct trade, a difference which constitutes of itself a very respectable profit for the dealer. And this calculation, be it remembered, is confined to the single item of duty, leaving the additional freight, wharfage, storage, drayage, commission, &c., consequent upon passing through Victoria hands, altogether untouched. The saving to the colony resulting from direct trade will be something enormous; and that the new tariff is calculated to bring about so desirable a commercial change is beginning to be felt.

NOTICE TO MARINERS

ENTERING

FRASER RIVER.

ALL previous notices issued by the Harbour Master of British Columbia, having reference to the Sand Heads of Fraser River, are hereby rescinded.
The following directions are published for general information:
The Beacons carried away since last fall have been re-constructed, excepting the South Sand Head No. 1, and the following alterations and additions made: The Light Ship now building will be placed near to the South Sand Head, being substituted for No. 1 Beacon; The Beacons are formed with clusters of piles, each Beacon having a distinguishing feature at the top of the piles, and being numbered consecutively from 2 to 10, irrespective of the Crib on the North Sand Head.
No. 2. BEACON, NORTH SAND HEAD—Placed in 1 foot at low water, 1 cable from the buoy in a N. W. direction, showing from a Southerly bearing a black diamond elevated on a pole 16 feet above the top of the piles.
No. 3. BEACON, NORTH SAND—In 6 feet at low water, shows black and white horizontal stripes both on the pole and beacon, and is situated about half-way between chequered and black buoys.
No. 4. BEACON, NORTH SAND—1 cable distant in a S. W. direction from No. 3, is distinguished by a black triangle elevated on a white pole 16 feet above the piles, and placed in 2 feet at low water. The piles are white-washed.
No. 5. BEACON, NORTH SAND—On the spit 1 cable from red top buoy (placed in 5 feet at low water). This beacon is remarkable for its leaning position and is readily distinguished by the red cask on a white pole above the piles, the tops of which are also white.
No. 6. BEACON, NORTH SAND—1 cable distant from white buoy in a Westerly direction, is placed in 7 feet at low water. On the top of the pole is a white triangle, the apex of which is on the lower part of the pole. This beacon forms a conspicuous object and must be appreciated, as it will guide Vessels in the Channel when entering and leaving the River. The beacon is white.
No. 7. BEACON, SOUTH SAND—A black beacon placed in 6 feet at low water, having a St. Andrew's cross elevated on a pole 16 feet above the piles.
No. 8. BEACON, SOUTH SAND—A cable's length from No. 7, in 1 foot at low water. This Beacon is white, having a St. Andrew's cross on a pole as above described in No. 7. As No. 7, No. 8, and No. 9 are intended as marks for crossing the Bar, they are hereafter alluded to as the X Beacons. This Beacon (No. 8) is not to be regarded in any way except to lead Vessels over the Bar in the deepest water. For Vessels of large draught the X Beacons will be found invaluable, as by taking care to "port" sufficiently soon, after clearing the black top buoy, so as to cross when in a line, they will lead over the Bar, carrying from 19 to 22 feet at high water Spring Tides. In all other parts of the Channel much deeper water will be found. After the red top Beacon is brought in a line with the white Beacon (No. 6), the red top buoy may be with safety rounded, then steer in direction for the white buoy, and from thence to the Ball Beacon on Garry Point.
No. 9. BEACON, SOUTH SAND—On the edge of the bank, placed in 1 foot at low water, is nearest to the Mouth of the River, and distinguished by a black pole having at the top two black boards on two sides of the pole horizontal with each other. The tops of the piles are also black.
No. 10. BEACON—Is a land mark placed on Garry Point to indicate the Mouth of the River, which shows from every direction a large White Ball. The braces, 6 feet of the pole, and the tops of the piles are black. The lower part of the Beacon is white-washed.
All buoys on the North Sand, after entering the Channel with Vessels of large draught, should be passed close on the "port" hand. Caution is hereby given that the Beacons constructed on the Sand Heads are not intended as marks for the Navigable waters of the Channel but to indicate the locality of the several buoys.
The old white buoy has been removed and a red spar buoy placed on the spit of the middle Sand inside Garry Point, in 12 feet at low water, which must be past by Vessels Entering the River on the starboard hand.
By following the above directions Mariners will find the Channel well and clearly defined, and with ordinary care a perfect stranger may navigate his Vessel, with safety into Fraser River.
JAMES COOPER, Harbour Master
New Westminster, June 12th, 1865.

With each tender must be enclosed a bond of the person tendering, and of two responsible sureties with him, for the payment to the Government of the sum of \$500 conditional on the non-fulfilment by him of the terms of his tender if accepted.

The lowest or any tender not necessarily accepted.

Further particulars can be had by applying at the Lands & Works Office, New Westminster, where the Specifications and form of Bonds can be seen.

Tenders to be addressed to the Chief Commissioner of Lands & Works, and superscribed "Tenders for continuation of Douglas Street Road."

By command, JOSEPH W. TRUTCH, Chief Commissioner of Lands & Works, and Surveyor-General. Lands & Works Department, June 9th, 1865.

Important to Business Men in Victoria, California, Portland, and Places on the Sound!

The Journal is the oldest newspaper published in British Columbia. It is read by every business man from New Westminster to the Rocky Mountains, and is unrivalled as an advertising medium for the Colony. J. DODD, in Victoria, and L. P. FISHER, in San Francisco, are our authorized Agents.

The British Columbian.

NEW WESTMINSTER, TUESDAY, JUNE 27, 1865

BY MAGNETIC TELEGRAPH.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

IMPORTANT FROM THE STATES.

CALIFORNIA DATES TO THE 26th.

ATLANTIC DATES TO THE 20th JUNE.

EUROPEAN DATES TO THE 11th JUNE.

WASHINGTON, June 14.—The Government has received documentary proofs incontrovertible of the guilt of Jeff Davis in the matter of the inhuman and most brutal treatment of Union prisoners. When disclosed to the public as facts, which they will be in a few days, they will astonish the civilized world.

The British Government has withdrawn its recognition of Confederate vessels of war, and issued orders prohibiting them to enter any British ports. France has also removed restrictions of naval intercourse and withdrawn from Confederate the character of belligerents.

CAIRO, June 19.—Flag of truce boats have arrived with 7,454 of Jeff. Thompson's army, including 686 officers. Jeff. Thompson's herald came as far as Memphis, where he is to remain awaiting the President's decision relative to his petition for pardon. Gen. Reynolds has taken proper steps towards establishing civil courts throughout Northern States. Garrisons have been established along White River.

WASHINGTON, June 19.—The family of President Johnson and his daughter Mrs. Patterson, have arrived to take charge of the Executive Mansion. New Orleans dates to the 12th report that a portion of Weitzel's fleet was at Southwest Pass. Additional details of the war between Brazil and Paraguay confirm the reported defeat. Brazilian troop steamer *James Adger*, from Cape Haytian 13th, has arrived. Cape Haytian has been in a state of siege for 7 days.

NEW YORK, June 16.—The *Herald's* correspondent says Maximilian has given a liberal subsidy to the Vera Cruz and New York steamship line and Holland's line from Mazatlan to San Francisco. An American company has the exclusive privilege of building and running horse railroads in the city of Mexico. Another has a charter for a railway a hundred and twenty miles between Guesato and Guanajuato. Patents for a large number of American inventions have been granted. A hotel, on the New York plan, is now building. There are now in Mexico about forty thousand European troops; of these 28,000 are French, mostly zouaves; 8,000 Austrians; and 4,000 Belgians. Duke Gwin has completely collapsed. He is still in Mexico, where he has been for several months. Maximilian never granted him an interview, and never passed a word or letter with him. He is quite ignorant of the existence of such a personage, and Gwin is delirious from crossing the threshold of the palace. Maximilian is every day talking with other Americans about important enterprises for developing the resources of the Empire.

LIVERPOOL, June 9.—Lord Palmerston has tendered a pension of £1,500 sterling to Mrs. Cobden, who gratefully declined its acceptance. The King of the Belgians' health causes uneasiness. A severe storm had occurred in the Baltic, resulting in fifty wrecks and much loss of life. Nothing positive was known as to Napoleon's return from Algiers. It is reported that the Spanish troops have been ordered to withdraw from San Domingo at once. The Emperor of Brazil, on opening the Chambers, referred to the Florida affair, in which the United States Government acknowledges the justice of Brazil's claim.

SECOND DISPATCH.

NEW YORK, June 20.—Caleb Lyon, Governor of Idaho, is now in Washington. His advent is thus accounted for: The Territory Legislature passed an ordinance removing the capital from Lewiston to Boise City, whereupon the Governor gathered up his archives and was about to remove, when the indignant citizens of Lewiston drove him from the Territory. The question of a new Governor is now before the President. Portsmouth, Va., was on Friday last turned over to the civil authorities, after having been under military rule for nearly four years. Other Southern cities will be speedily surrendered by military to civil authorities.

NEW YORK, June 20.—The *Commercial's* Washington dispatch says Charles A. Page, newspaper correspondent, has been appointed U. S. Consul to Zurich, Switzerland. It is confidently expected that the army will be reduced to 100,000 men by new year. President Johnson is said to favor retrenchment as a measure of returning to specie payments, which he will recommend to Congress.

FARTHER POINT, June 18.—HALIFAX, June 20.—The *Asia*, from Liverpool 10th and Queenston 11th, arrived.

Napoleon had returned to Paris. Cyrus W. Field had returned to London, after visiting Valencia to arrange for laying the shore end of the cable. W. H. Russell goes out in the *Great Eastern* to write an account of the laying of the Atlantic cable. The work will be inaugurated by Robert Douglas.

SAN FRANCISCO, June 23.—Legal tenders, 74 at 74.

PORTLAND, June 24.—The steamer *Brother Jonathan* sailed for Victoria to-day at 3.30.

THIRD DISPATCH.

NEW YORK, June 20.—Washington special says thirty-four warrants for pardon were issued to-day by the Secretary of State. All the parties were citizens of North Carolina, none of them being persons of note. The pardons were granted upon the suggestion of Governor Holden. The President gives preference to persons in honorable position in the matter of hearing petitions for pardon, and has determined to hold under advisement for the present applications from any persons of distinction. The President has directed that petitions for pardon be referred especially to Governors at the several States where applicants reside so that the best evidence may be obtained as to the merits or demerits of the petitioners, also that the Governor in each case adopt such action as to them may seem just and proper. Col. Cooper Gibbs, who was in command of the post at Andersonville, Georgia, is here on parole.

FARTHER POINT, June 14.—The following is additional for the *Hibernia*: The Duke of Argyll has written a long letter to the Edinburgh *Scotsman*, in response to some remarks by Lord Dalhousie.

HALIFAX, June 20.—The *Asia*, from Liverpool 10th, has arrived. President Johnson's Amnesty proclamation was generally canvassed. The *Star* characterizes the terms as wise and generous.

China dates are to May 7th. It is stated that the American Ministers at Peking and Japan are returning. Cause not stated. News of Kirby Smith's surrender is viewed with satisfaction as conclusive evidence of the termination of the war. The *Army and Navy Gazette*, referring to the surrender of the last Confederate general, says by this event the Federal troops have been brought face to face with French outposts on Rio Grande. The same paper denounces what it terms the bloodthirsty designs of President Johnson, but thinks he will shrink from the horrible purpose he threatened to carry out. While lists of Southern men are made out, the punishment of the leaders is already terrible enough.

On the 8th an express train on the South-eastern road, carrying passengers from France to London, was thrown off the track near Staple Hurst. Ten persons were killed and twenty wounded. Dickens was on the train, but escaped without injury. Sir Joseph Paxton died on the 8th after a protracted illness. The Paris correspondent of the London *Times*, under date June 8th, writes as follows: "It is certain that the Mexican agent who has arrived at Paris was sent by Maximilian for the express purpose of explaining the critical state of affairs in Mexico, the menacing attitude of Americans, and fear of His Majesty that war would be declared with the U. S. now that the war with the Southern people is over. The French Government has, therefore, given the Washington Cabinet to understand very plainly that Mexico is under the protection of France, and that France won't allow any power to attack it; that filibusters and adventurers entering Mexican Territory with hostile design will, if taken in arms, be hanged or shot without loss of time and without mercy. The United States, whose good faith with France should lead them to prevent, and they are expected to do all in their power to prevent, their subjects from injuring her proteges. The Washington Cabinet has no desire at this time to be on bad terms with this country, and will, no doubt, act prudently in this affair. The language and tone of France is what may be called decidedly energetic. It may not be literally correct, as I mentioned, but it is substantially so. Emperor Napoleon arrived at Toulon on the 5th June. Before reaching Algeria he issued a proclamation to the French army of America, thanking them for their labors and extolling them for their soldierly conduct. The resignation by Prince Napoleon of Vice-Presidency of Council and Presidency of the Executive Commission is accepted. The Empress has issued a decree pronouncing all warnings given to French journals null and void. The attention of the Peruvian Chambers of Deputies has been directed to rumors of an impending duel between Herr Von Bismark and Deputy Viscom, arising from offensive expressions used by the latter gentleman during a recent debate.

The duel was generally deprecated. A warm debate took place, during which the Minister of War declared that the affair must be left in the hands of Bismark. When imputations were cast upon a man's honour no power was competent to declare that satisfaction had been given. SHANGHAI, May 17.—Prince Large has been reinstated in the Presidency of the Foreign Board. Tea declining, Silks inactive.

FOURTH DISPATCH.

SAN FRANCISCO, June 24.—The steamship *John L. Stephens* arrived here this morning about 9 o'clock from ports on the north-western coast of Mexico. Her dates are from Mazatlan to the 17th and Cape St. Lucas to the 18th of June. She brought \$148,846 in specie and 980 bags of ore. The following are her memoranda and list of passengers: The news received by the *Stephens* reaches to the 17th of June. There is little that is new or interesting relative to the political or military situation of the country. On Wednesday last Gen. Decastaguy, his staff and an escort left this city for Durango. Gen. Decastaguy was lately in command of the imperial force in the department of Mazatlan, and he was succeeded by Brig-Gen. Aymer. The same paper of June 10 mentions that Gwin was expected in Mazatlan early in August. The *Times* of 10th June gives particulars of a horrible series of murders recently committed on board the Mexican *balandri Haydee*, captain's name Martinez. It appears that this vessel sailed from Mazatlan for Lapas on the 19th of April last. She had on board the following passengers, as entered at Ogaree, the port from which she sailed. J. B. Chinelle, the owner of the vessel, Guivino Baruno, Augustin Marcello Guadalupe, Francisco Castro, Meata Medina Agelas, Barato Ramon de Choo, wife and three children, and Rafael Paleo. The *Haydee* had a crew of 30 or 40 men in addition to the parties above enumerated. There were also on board one Charles Magree, a Frenchman, and a Greek and an Italian whose names were not known. These three, the Frenchman, Italian and Greek, are the perpetrators of the terrible deeds about to be related. The *Times*

says, some two weeks since, no tidings having been received concerning the *Haydee*, apprehensions for her safety were felt, and after a few days' longer delay it was determined to dispatch a vessel in search of the missing vessel. Accordingly the steamer *Zenith* was sent to Lapas, and on reaching that port learned that the *Haydee* had not been there. The captain of the *Zenith* then went south, and reaching Tomales, in the bay of Bodega, found the vessel for which he had been sent. Two young men, the cook and steward, were found with the *Haydee*, both of whom were brought to this city by the *Zenith* and lodged in jail, where they are still confined, awaiting further examination.

A young man about 28 years of age, in the employ of McKinnis & Bro., of Clay and Drumm streets, as assistant book-keeper, made a desperate but unsuccessful attempt to commit suicide at the American Exchange here this morning. The overland line is out of order beyond Fort Laramie. Gold in New York on the 23rd was 142. Greenbacks here, 72 1/2 to 73.

In the 9-mile match between Fillmore and Seward, Fillmore paid the forfeit. A double team race between Duane and Hector against Spot and Bully, for \$500 a side, took place. First heat by Spot and Bully, time 2:52; second heat, won by Duane and Hector in 2:44, distancing the other two and winning the race.

PRODUCE MARKET.—The flour market is depressed and prices tend downward. New is selling from \$7.50 to \$10 per bbl., the latter an extreme price for jobbing. Lots of choice good superfine is offered on contract sellers option till 10th July at \$6.50 per bbl.

Wheat market lower, and unsettled under increasing arrivals. Sales of 760 sacks Suism, 530 do. Stockton and 850 do. Vallejo at 1 1/2 cts.; 200 do. Martinez, 1 1/2 cts.; 100 choice do. 1 1/2 cts. per pound.

Barley is very firm for old and steady for new. Sales of 450 sacks old brewing at 2 1/2 cts., 300 do. at 2 1/2 cts., and small parcels of common at previous price.

Oats, firm. Sales, 500 sacks coast at \$1.60 to \$1.80 per lb.

Potatoes selling lower, with sales at 1 1/2 to 3 cts. per lb.

Wool sales, 15,000 lbs. medium fleece at 20 cts. per lb.

Private dispatches from New York, dated yesterday, quote market dull and depreciating, with sales of Oregon at 42 1/2 currency.

FIFTH DISPATCH.

SAN FRANCISCO, June 25, 3 p.m.—William Linen, whilst laboring under a temporary aberration of mind, attempted to commit suicide by cutting his throat with a razor yesterday afternoon. The unfortunate man had inflicted a severe gash on the left side of the throat. Dr. Henry was summoned, who found the man almost lifeless from hemorrhage. The wounds were sewed up, and the patient has a fair prospect of recovery. No other local news of interest. The overland line is down east of Salt Lake. No arrivals.

SAN FRANCISCO, June 26.—The steamer *Sacramento* arrived at 11 o'clock. The steamer *Golden Rule* was wrecked on the 30th of May. All on board were saved and had embarked on the steamer *America* at Panama.

The Approaching Rifle Tournament.

The Victoria *Colonist* says respecting the International rifle match which is appointed to come off here on Saturday the 30th inst.—"The following are the names of the members of the Victoria Volunteers who have scored the highest points during the practice at the butts, and are therefore selected to represent the corps at the rifle match, to take place on Saturday next, at New Westminster: Messrs. Quincy, Newberry, Hargreaves, Foreman, Vinter, Roscoe, Thompson, Homfray, and two of the following named gentlemen (who being ties will probably shoot off), Messrs. Pearce, Wigglesworth and Newoff. We understand that Capt. Monat has very readily and generously offered to carry the members of the corps and band to New Westminster and back in the Company's fine steamer *Enterprise*, free of charge."

The following are the names of the New Westminster Ten, selected similarly to the Victoria Ten:—Bugler Butler, Ensign Wolfenden, Lieut. Birch, Private Symes, do. Tilley, do. Thorne, do. Brokenbrow, Sergt. Claudet, Private Mansell, do. Franklin.

VICTORIA NO LONGER A FREE-PORT.—Victoria the "Venice of the Pacific," and the very soul of which, according to the papers published there, was her free-trade policy, has ceased to be free.

It has long appeared morally certain to us that Victoria could not continue to be pampered and propped up upon a false basis at the expense of the little colony of which it is the ambitious little capital; and yet we were scarcely prepared for so sudden and extreme a violation of their vaunted free-port as that perpetrated by recent legislation. An act has just become law which levies on every invoice of potatoes \$5; on every invoice of cabbages, carrots &c., \$2.50; on every head of cattle, \$4; calves, 50c.; horses, \$5; colts, \$1; sheep or lambs, \$1; pigs, \$1.50; carcasses of pork, \$2; of beef, \$5; of mutton, \$2. It will be observed that there is a decided partiality displayed for live "porkers" and sheep. We cannot congratulate our friends across the gulf upon the discrimination displayed in the selection of articles for the first customs tariff. This little innovation, so unostentatiously announced, is the small end of the wedge, and not so very small either, which is to revolutionize the whole fiscal fabric of the island.

MASONIC.—The annual meeting of Union Lodge, No. 899, E. R., F. & A. M., in this city, was held on Saturday, (St. John's Day,) June 24th, and the following officers installed for the ensuing Masonic term: Hon. H. Holbrook, W. M., Capt. James Cooper, P. M., H. W. Smith, S. W., J. C. Hughes, J. W., R. Dickinson, Treasurer, J. S. Clute, Secretary, Dr. A. W. S. Black, S. D., John Murray, J. D., O. M. Hocking, I. G., P. Hick, Tyler. At 8 o'clock the brethren sat down to a sumptuous dinner, prepared by Mr. P. Hick.

THE EASTERN NEWS which we publish to-day is both voluminous and interesting. While the complexion of affairs between Britain and the United States appears to be in the main satisfactory, a rupture between the latter power and France, growing out of Mexican affairs, would seem far from improbable. It is sincerely to be hoped, however, that such a world-wide calamity as a war between these two great powers would prove, may be averted. The immense decline in the price of bread stuffs in the San Francisco market is far from unimportant to us here, largely dependent as we are upon that country for supplies. The steamer *Golden Rule*, the loss of which is announced, was one of the opposition steamers running between New York and Greytown, Nicaragua.

SPECIAL ASSIZE.—The *Gazette* gives notice of a special Assize to be held in this city on Monday the 3rd prox., the Hon. Mr. Crease acting as Judge by special commission. We understand that the object of the Assize is more particularly to try the two Chillicoten Indians now confined in Jail, and that the Hon. Charles Brew will act as Queen's Council upon the occasion, Mr. Wood, Acting Attorney-General of Vancouver Island, having been invited to defend the prisoners.

PROGRESS OF THE TELEGRAPH.—The steamer *Lillooet* sailed for Hope and Yale on Sunday morning, carrying up 200 miles of wire and insulators, one half for the line between this city and Yale, and the other half for the line above Yale. The wire is already stretched a distance of 20 miles above this city, and his progressing at the rate of about six miles a day. Mr. Pitfield at this office had communication yesterday with Mr. Conway 5 miles above Langley.

CUSTOMS RECEIPTS for week ending Saturday, June 24th, 1865:—Duties, (import,) £1099 15 6; do. export, £108 14 4; harbor dues, £16 17 6; head money, £61 8; tonnage dues, £44 19. Total, £1331 14 4. Number of passengers entering at this port during same period, 307.

DIED.

In this city on the 14th inst., CHARLES, son of Charles Bread, aged 2 years and 7 months.

DOWN AGAIN.—The telegraph line east of Salt Lake is again down, so that we were disappointed in getting our eastern dispatch last night.

CRICKET MATCH.—The return match will be played tomorrow, between the Civil Service and the town.

SAILED.—The *Milton Badger* and the *Crosby*. The former goes to Victoria, and the latter to Nanaimo to take in a cargo of coal for Portland.

PUBLIC HOLIDAY.—Tomorrow, being the anniversary of Her Majesty's coronation, will be kept as a holiday at the Government offices.

LOCAL IMPROVEMENT.—We were surprised when passing down Columbia-street yesterday to notice the fine display of new goods at the store of Messrs. Clute & Major, and upon closer inspection we found they were selling Dry Goods, Clothing, Boots, Shoes, &c., at lower rates than we have ever before seen in this city. Truly this is a local improvement.

PORT OF NEW WESTMINSTER.

BURRARD INLET

LUMBER MILLS.

S. P. MOODY & CO., --- Proprietors,

New Westminster.

AGENTS IN VICTORIA:

FICKETT & CO., --- Wharf-street.

THESE MILLS are prepared to furnish cargoes of
PINE, SPRUCE and CEDAR LUMBER, Tanned
and Grooved Flooring, Spars, Piles, Shingles, Laths
and Pickets at the shortest notice.

The access to the Mills is up the Gulf of Georgia to
English Bay; thence up the Inlet. The anchorage in
the bay is safe in all weather. The Inlet is perfectly
land-locked, with plenty of water at all times for the
largest class vessels.

Vessels loading at these Mills will have every facility
for loading. The quality of Lumber is superior to any
on the Pacific Coast, and can be furnished to any length
up to 80 feet. There is a deputy Collector at the Mills
to enter and clear vessels.

For further particulars inquire of the Agents.

ALL CURES MADE EASY!

HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad

Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh springs
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflam-

mation.

These distressing and weakening diseases may with
certainty be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon
the neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and purifying Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

Eruptions, Scald Head, Ringworm &

other Skin Diseases.

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

Sore Throats, Diphtheria, Quinsy,

Mumps & all other Derangements

of the Throat.

On the appearance of any of these maladies the Oint-
ment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and necro-
sation. The worst cases will yield to this treatment by
following the printed directions.

Scrofula or King's Evil and Swelling

of the Glands.

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action of puri-
fying the blood and strengthening the system renders
them more suitable than any other remedy for all com-
plaints of a scrofulous nature. As the blood is impure
the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:—

Bad Legs. Chapped Hands. Scalds.

Bad Breasts. Contused and Sore Nipples.

Burns. Stiff Joints. Sore Throats.

Bunions. Elephantiasis. Skin-diseases.

Bite of Mosquitoes. Fistulas. Scoury.

and Sand-Flies. Gout. Sore-heads.

Coco-bay. Glandular Swel- Tumors.

Chicago-foot. lings. Ulcers.

Corns (soft). Lumbago. Wounds.

Cancers. Piles. Yaws.

Chilblains. Rheumatism.

Sold at the establishment of Professor HOLLOWAY
244, Strand, (near Temple Bar) London; and by all re-
spectable Druggists and Dealers in Medicines through-
out the civilised world, at the following prices:—1s.
1d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.

*There is a considerable saving by taking the
larger sizes.

N. B.—Directions for the guidance of patients in
every disorder are affixed to each Pot. an15
